

## PRINTING INSTRUCTIONS:

Once you've downloaded the free printable Father's Day coloring pages and activity pack, simply open the PDF up on your computer, load your cardstock (or printer paper) in your printer and print!

Keep in mind that you can select to print only certain pages or multiple copies (if you have more than one child).

## HELPFUL TIPS:

- Be sure to print the actual size (100 %) and make sure "fit to page" is not selected in your printer settings when you print
- For best results, make sure you print in Landscape mode. Most printers default to Portrait mode, so you may have to select Landscape mode in your printer settings.
